

CHRISTOPAVLOV

SOFTWARE ENGINEER

SUMMARY

Dedicated and highly skilled front-end web developer with years of experience in delivering exceptional web solutions. Proficient in React, Angular, and other front-end technologies. Proven track record of success in both freelance and corporate environments.

INTRODUCTION

Meticulous problem-solver with an unwavering work ethic and a solid foundation in computer science. I thrive in collaborative environments, consistently going the extra mile to ensure the delivery of top-quality products. My keen sense of detail, combined with a deep understanding of computer science principles, allows me to approach challenges methodically and deliver elegant solutions.

I understand that effective communication is the cornerstone of successful teamwork. I make it a priority to share concepts, progress, and knowledge with colleagues as clearly as possible, fostering a collaborative and productive atmosphere. I'm confident in my ability to contribute effectively to any team and project, drawing upon my years of experience.

My passion for growth and learning drives me to embrace new challenges, constantly seeking to expand my knowledge and experience. I approach every project with a sense of curiosity and dedication, ensuring that I not only meet but exceed expectations. With a strong commitment to excellence and a thirst for ongoing self-improvement, I am poised to make a significant impact in the ever-evolving world of web development.

WORK EXPERIENCE

Full Stack Engineer

Akkodis Group

2022-2023

- Work on large scale Hapi.js back-end as well as Java backend, which are used in multiple projects.
 - Work on implementing functionality with a 3rd party data and service provider (VONQ), which is used in several recruitment projects.
 - Pair-programming with other developers thanks to adaptability and the ability to quickly pick up and thrive in a new professional environment.
 - Part of an Agile team with a key role in delivering multiple complex features most of the time ahead of schedules.
